PRESIDENT'S REPORT

Only one month to go, until the AGM on 28th August!
Where did the last year go?

Our submission to the Department of Veterans' Affairs for a grant to purchase laptop computers and related equipment was partly successful in that we received about a third of the amount applied for, but this still enabled us to purchase equipment to improve our communications and bring myself into the 21st century.

Our application for a subsidy for the annual coach trip has been submitted and we await a reply from DVA.

Our Anzac reunion was poorly attended, although the few who gathered together enjoyed the day. Maybe it was too close to Anzac Day, or clashed with other Anzac activities. Do we have it the week before or the week after? Give us your thoughts on this activity.

The President's luncheon held on 23rd May at the South Eastern Masonic Centre was very well attended, with 52 participating including seven widows and many apologies being received. The aim of changing the name was to increase participation by members and we certainly achieved this. Please keep this in mind for next year's event.

Our tree at the Shrine has been replaced, and we await the replacement of the bronze plaques by the Shrine Trustees. As this shows our Corps name as "The Royal Corps of Australian Electrical and Mechanical Engineers", we will need to have another plaque made to reflect the new title of "The Corps of Royal Australian Electrical and Mechanical Engineers". The Committee is investigating this now, and details will be advised in a later "Lightning Flash".

Several of the Committee supported me at the RAASC/RACT pilgrimage on 6th June, and John Davidson (Petroleum Platoon OC) thanked us for the continuing support from RAEME.

Other activities included the Reserve Forces Day Government House Reception (*see separate report*)

Future activities which my wife Robina and I will attend to represent the Association are the MAYGAR DINNER on 24th July conducted by 4CSSB,

and I have received approval to attend the Corps Conference at Bandiana on 15th-16th September.

SECRETARY'S REPORT

ANZAC Day Reunion; The Reunion this year was held at the South Eastern Masonic Centre this was mainly due to the difficulty we are having gaining access to Oakleigh Barracks in not being able to have access to the kitchen and having to pay a day's pay for a SGT or above to open the Depot and to man the SGTs mess.

While the day was down in numbers those members that participated had an enjoyable day. That being said the numbers were disappointing which will put doubt in whether a Reunion should be continued.

Feedback would be appreciated as to whether members still want an Anzac Day reunion; if so which day should it be held on, before or after Anzac Day?

Presidents Luncheon; The many members who attended enjoyed a great 3 course meal and the comradeship after with old mates. Our widows were guests of the President along with the latest inductee as a life member Past President Peter Cartledge and wife Leonie. It is hoped more members will attend future Presidents Luncheons to enjoy the company of fellow members and to honour the Widows of deceased members.

Reserve Forces Parade; What a great day with 29 members of the Corps attending the parade with several members being presented with a ribbon of recognition of having overseas service and receiving a medal for that service.

Keith Payne VC met the members attending and presented a ribbon to the entitled participants with Neil Charter and John Lee being the lucky recipients to receive his ribbon from the VC winner. Those members unable to attend certainly missed a well organized and a great day.

RESERVE FORCES DAY PARADE 4 JULY 2010 AT THE SHRINE

Starting in April, Vice President Bruce Williams, Secretary Alan Rogers and myself attended meetings held at the Defence Plaza in the city to organise this activity, including the purchase of a RAEME Association of Victoria standard (a flag with gold tassels around it).

Brigadier Neil Bavington was the Chairman, and he ran very efficient and effective meetings. Because we supplied detailed art-work for the design of the standard (thanks to Pat Marley) we were rewarded with \$200 towards the cost of \$400. (The Army tells us they only have flags and banners.)

Immediate Past President Peter Cartledge was the Standard Bearer on the Parade, and looked smart in his beret, blazer and white gloves. Thank you, Peter.

Twenty-six members attended, plus three others who marched with the National Service Association and several others who took photos and joined the crowd. It was a great day and a fine representation from RAEME. John Lee and Neil Charter received ribbons for overseas service on the parade and we were honoured by a visit from Keith Payne VC prior to the parade.

Well done.

**The Battle of Binh Ba
Operation Hammer**

Forty One years ago on the 6th of June 1969 the sixth battalion RAR/NZ was on operation 16 Kilometres north of IATF Base at Nui Dat. Four Troop B squadron 1 Armoured Regiment were in support of the 6th Battalion. The tank troop commander was injured. A replacement tank was sent from Nui Dat accompanied by the RAEME armoured recovery vehicle Callsign 28 was sent north up Route 2. As the tank Callsign 20E approached Binh Ba at 1810 hrs it was struck by an RPG7 wounding the operator who slumped across the main armament. The turret could not be traversed so the commander engaged the house from where the RPG had been fired from, using his flexible .30 flexible machine gun. The ARV also opened up with its two .30 machine guns.

Lance – Corporal John Harvey pressed on north past the village to the Duc Than Regional Force Post, while the “ARV” withdrew to the south.

The 1 ATF ready re-action force was deployed from Nui Dat with rocket fire coming from Binh Bah village directed against a replacement tank supported by the RAEME armoured recovery vehicle. The force comprised D Company of the 5th Battalion mounted in personal carriers from the 3rd Cavalry Regiment and supported by tanks from a composite troop of B Squadron the 1st Armoured Regiment. The village was less than ten kilometers north of Nui Dat.

Within hours the force was engaged in fighting of an intensity rarely matched in Australia’s experience of the Viet Nam War. It was quickly apparent that the enemy force comprised both main force elements of the North Vietnamese and Viet Cong.

The two day battle involved several sweeps through the village and some vicious close quarter fighting. B Company 5RAR were added to the undermanned 65-men-strong D Company. Helicopter, artillery and engineer support was utilised in a powerful and

disciplined combined arms attack to drive the enemy from the village. One Australian Private Wayne Teeling, was killed and 11 were wounded. Enemy KIA were well in excess of 100.

**History of 1st [Independent]
Armoured Squadron Workshop**

October 1967- Parliament Announces that a tank Squadron is to be sent to Viet Nam.

October 17th 1967- Harold Holt announces that a third infantry battalion is to be deployed to Viet Nam, with a further 8 helicopters for No.9 Sqdn.

A squadron of Centurion tanks with 250 personal will also be deployed. Australia’s commitment is now 8,000.
